Creator: Student Success Coaches

Audio/video for this transcript available from: http://commons.swinburne.edu.au

My name is Sherry Jiang. I'm the Student Success Coach for migrant English courses.

As a migrant English student before, I can totally understand how you felt when you first arrived in Australia. You might feel lonely. You might feel helpless and might be eager to integrate into the society as soon as possible. If you need someone to be an interpreter, I am here. If you have difficulties in understanding and preparing different documents, I am able to help them to.

I can link you to a range of Swinburne student services. If needed, I can help you make appointment and do the registration. I am happy to share my experience in learning English. There are also a lot of resources in English learning and further studies that I can suggest.

To assist with your settlement in Australia, we can discuss volunteer work, which provides opportunities to help you integrate into the local communities.

If you would like to find out more simply contact me and have a chat in Hawthorn and Wantirna. I'm also bilingual and then able to support students who speak Mandarin.
