Title: The Centre for the New Workforce Report Launch: Innovation in The Unprecedented Era

Year: 2021

Audio/video for this transcript available from: <https://commons.swinburne.edu.au>

SARA JAMES: This report investigates the influence of both workplace learning and collaboration on innovation.

PROFESSOR PASCALE QUESTER: This is fundamentally the role of universities. To question, to bring wisdom, to bring people who can commit.

DR SEAN GALLAGHER: How do we lift workers above their job and to see beyond the organisation?

DAVID SACKS: Think about 'what does that mean for me and my workplace and how do I bring that to life'?

PROFESSOR PASCALE QUESTER: Those problems, as wicked as they may appear, are actually problems that together we can certainly solve.
