Swinburne Library has lots of ebooks that you can read online.

Use library search to find a particular ebook title or to search for ebooks on a specific topic.

You can refine your search by using the menu option 'Books & ebooks'.

When you find a title that interests you, click 'View Online.'

You may be asked to login using your Swinburne username and password.

Most databases provide a summary of the book and publication details such as author, publisher and date.

The amount you are able to print or download will vary between the different databases.

For more information about the library's ebooks, speak to a library staff member, contact us online or visit the library website.
